Re: Greater New Haven Water Pollution Control Authority Wastewater Collection System  
Inspection Report, December 16-18, 2013

Dear Mr. Holbrook:

Thank you for your assistance and participation in EPA's wastewater collection system compliance inspection of the Greater New Haven Water Pollution Control Authority ("GNHWPCA") on December 16<sup>th</sup> through 18<sup>th</sup>, 2013. EPA would especially like to thank your staff for escorting the inspection team around the City of New Haven and surrounding communities during some very challenging weather conditions.

EPA is providing the GNHWPCA with a copy of the Final Greater New Haven Water Pollution Control Authority Wastewater Collection System Inspection Report ("Final Inspection Report") as requested during the closing conference of the inspection. The attached Final Inspection Report summarizes the observations and findings made by EPA at the time of our inspection. Please feel free to provide EPA with any additional or new information regarding changes made by the GNHWPCA since the date of the inspection.

EPA looks forward to working with the GNHWPCA to resolve any problems noted during the inspection as well as other ongoing issues that may be impacting human health and the environment. Please feel free to contact either Neil Handler – (617) 918-1334 – or Jack Melcher – (617) 918-1663 – of my staff if you have any questions.

Sincerely,
